Description

Suunto M-9 Black Wrist Compass with Velcro Strap

Hands-Free Navigation for Outdoor Adventures

The **Suunto M-9** wrist compass is a reliable and convenient navigation tool designed for outdoor enthusiasts, military personnel, and survivalists. Its hands-free operation makes it an excellent choice for hiking, trekking, orienteering, and any other activity where both hands are needed for the journey. The luminescent compass card allows for use in low-light conditions, ensuring accurate navigation at all times.

Product Highlights:

- Hands-free wrist compass with **Velcro strap** for secure fit.
- Balanced for the **Northern Hemisphere**.
- Rugged and durable construction.
- Jewel bearing for smooth and precise movement.
- Luminescent compass card for low-light operation.
- Side-reading window for quick and easy bearing readings.
- Ratchet mechanism to lock and set the desired direction.
- No batteries required - always ready to use.
- Manufactured in Finland with a **Suunto limited lifetime warranty**.
