## Description

### Suunto Vertical 2 Outdoor Watch, Titanium Bezel

**Suunto Vertical 2 Titanium** is the ultimate adventure watch designed for outdoor expeditions and demanding training. Built with a **Grade 5 titanium bezel** and **sapphire crystal glass**, it combines extreme durability with advanced functionality. Featuring a bright **1.5" AMOLED display**, dual-band GNSS, detailed offline maps, integrated LED flashlight, and more than 115 sport modes, it is a trusted partner for mountaineers, trail runners, cyclists, skiers, and explorers who require absolute reliability in the wild. With up to **65 hours of battery life in Performance GPS mode** and up to **20-30 days in smartwatch mode**, this watch is engineered to last even on multi-day expeditions.

## Aim of the Product

The Suunto Vertical 2 is designed to solve the key challenges of outdoor adventures: precise navigation far from networks, extended battery for long expeditions, and rugged build quality to withstand the harshest conditions. It enables safe route planning, efficient training analysis, and reliable performance monitoring.

## Audience

This watch is ideal for **outdoor adventurers, mountaineers, ultra-runners, explorers, rescue professionals, and multisport athletes** who demand precise navigation, advanced training tools, and dependable durability.

## ORDER CONFIRMATION

---

- **Navigation:** Offline topo maps with contour lines and trails, Climb Guidance profiles, and dual-band GNSS for accurate positioning even in difficult terrain.
- **Training & Health:** 115+ sport modes, new optical heart-rate sensor, HRV and SpO<sub>2</sub> tracking, training and recovery analysis.
- **Safety:** Integrated LED flashlight with white and red modes, SOS and pulse signaling functions.
- **Everyday use:** Notifications, weather alerts, altitude data, sunrise/sunset times, and long-lasting smartwatch mode.

## Specifications & Technical Details

- **Display:** 1.5" AMOLED, 466×466 pixels, visible in direct sunlight.
- **Case:** Glass fibre reinforced polyamide.
- **Bezel:** Grade 5 Titanium.
- **Glass:** Sapphire crystal.
- **Strap:** Silicone.
- **Water resistance:** 100 m.
- **Battery:** 65 h in Performance GPS, 250 h in Tour GPS, up to 20-30 days in smartwatch mode.
- **Weight:** 74 g.
- **Size:** 49 × 49 × 13.6 mm.
- **Country of manufacture:** China.
- **Connectivity:** Suunto app + 300+ partner apps (Strava, Komoot, etc.).

## Other Useful Information

The name **Vertical** reflects Suunto's heritage in mountaineering and exploration, with a design optimized for high-altitude expeditions and backcountry routes. The titanium bezel reduces weight while ensuring maximum strength, making it ideal for prolonged use in rugged environments. Developed and tested in Finland, it embodies Suunto's tradition since 1936 of crafting precision instruments for explorers and athletes.

## Glossary

- **Dual-band GNSS:** GPS tracking that uses two frequency bands for higher accuracy, especially in forests and mountains.
- **AMOLED:** A display technology offering brighter colors and clarity in all light conditions.
- **HRV:** Heart Rate Variability, a metric used to monitor recovery and stress levels.
- **Grade 5 Titanium:** Aerospace-grade titanium alloy, combining strength, corrosion resistance, and light weight.
