Description

Suunto Vertical Solar Adventure Watch - Titanium

The **Suunto Vertical Solar** in *Titanium Grade 5* is an ultra-durable watch built for serious adventurers who need top-tier accuracy, all-day power, and reliable navigation. Equipped with *solar charging*, *offline maps*, and *dual-band GPS/GNSS*, this watch keeps you on course, whether scaling mountains or trekking remote valleys.

Key Features

- **Solar Charging:** Gain up to 30% extra battery life in sunny conditions, extending usage up to a year in standby (under optimal solar exposure).
- **Dual-Band GPS/GNSS:** Connect to multiple satellite systems (GPS, GLONASS, GALILEO, QZSS, BEIDOU) across two frequencies (L1 + L5) for superior accuracy in challenging environments.
- **Offline Topographic Maps:** Access contour lines, water features, trails, and other key landscape details directly on your watch (*no internet connection required*).
- **Best-in-Class Battery:** Up to 85 hours of exercise tracking in the highest GPS accuracy mode and 60 days (or up to a year in standby) in daily mode, thanks to solar supplementation.
- **95+ Sport Modes:** Perfect for running, cycling, swimming, cross-country skiing, and more. Track performance metrics (e.g., heart rate variability, training load) and get *personalized feedback* on progress and recovery.

ORDER CONFIRMATION

- **Altimeter, Barometer & Compass:** Maintain awareness of height, weather changes, and direction—includes storm alerts, sunrise/sunset times, and advanced weather forecasting.
- **Military-Tested Durability:** Titanium Grade 5 bezel, water-resistant up to 100 m, and functional in temperatures from -20°C to +55°C (-5°F to +130°F).
- **Navigation & Safety:** Route and POI navigation (waypoints), plus the ability to go fully offline to ensure you never get lost in remote areas.
- **Smart Connectivity:** Sync with the Suunto app for planning, analysis, and sharing. Get phone notifications, music controls, and *over-the-air* software updates.

Why Choose Suunto Vertical Solar Titanium?

It offers unmatched battery longevity **without sacrificing accuracy**. By leveraging dual-frequency satellite technology, you can expect a fast and steady signal, even in deep canyons or dense forests. Engineered from high-grade materials, the Titanium edition is both lightweight and exceptionally strong.

Train for Your Next Adventures

Stay on track with 95+ sport modes, advanced training metrics (*HRV-based recovery, VO2 max, peak training effect*), and a wide range of data to ensure your fitness evolves alongside your passion for exploration.

Specifications

- **Dimensions:** 49 x 49 x 13.6 mm (1.93 x 1.93 x 0.54 in)
- **Weight:** 74 g (2.61 oz)
- **Bezel Material:** Titanium Grade 5
- **Glass Material:** Sapphire Crystal (scratch-resistant)
- **Case Material:** Glass Fibre Reinforced Polyamide
- **Strap Material:** Silicone (125-175 mm wrist size; accessory strap up to 215 mm)
- **Water Resistance:** 100 m
- **Offline Map Storage:** 32 GB
- **Operating Temperature:** -20°C to +55°C (-5°F to +130°F)
- **Battery Life (Daily Mode):** Up to 60 days without solar, up to 1 year with solar under ideal conditions
- **Battery Life (Training Mode):** Up to 85 hours (highest GPS accuracy) or 65 hours for all-systems GNSS + multi-band (extends to 90 hours with solar)
- **Connectivity:** Bluetooth for smartphone and app integration (iOS, Android)
- **Compatible Apps:** Suunto app, Strava, TrainingPeaks, and more

What's in the Box?

- Suunto Vertical Titanium Solar Canyon
- Charging Cable
