Description

Slim-fitting long-sleeved shirt with a round neckline. The hem of the shirt is extended at the back.

Suitable as part of a layering system, either as base layer or an intermediate layer. Can be used for both professional and leisure use.

Fabrics:

75% Merino wool, 22% polypropylene, 3% polyamide

The knit has a technical two-layer structure with an inner layer of moisture-wicking polypropylene and an outer layer of SuperWash and moth-protected Merino wool. Inherently antibacterial, Merino wool prevents the formation of unpleasant odors. In addition, it naturally has excellent heat storage and moisture transfer properties. Also, Long-fiber Merino wool does not itch like typical wool. All seams are flat sewn, so the product is comfortable to wear and does not press or rub the skin.

Care:

No need to wash before first use.

Wash at 40 °C.

We recommend washing with a wool washing soap or liquid.

Best way to dry a wet wool clothes is lay the garment out on a flat surface, taking care to reshape it as needed.

Wool should never be dried in a tumble dryer!

You can skip the washing if you refresh your clothes by hanging them in outdoors between uses.
