Description

The multi-purpose long tube scarf can quickly transform into a hood, headwear or a neck warmer and is suitable for both professional and leisure use.

Fabrics and technology:

- 75% Merino wool, 22% polypropylene, 3% polyamide.
- The knit has a technical two-layer construction with an inner layer of moisture-wicking polypropylene and an outer layer of SuperWash and moth-protected Merino wool.
- Inherently antibacterial, Merino wool prevents the formation of unpleasant odors. In addition, it naturally has excellent heat storage and moisture transfer properties. Also, Long-fiber Merino wool does not itch like typical wool.
- All seams are flat sewn, so the product is comfortable to wear and does not press or rub the skin.

ORDER CONFIRMATION

- No need to wash before first use.
- Wash at 40 °C.
- We recommend washing with a wool washing soap or liquid.
- Best way to dry a wet wool clothes is lay the garment out on a flat surface, taking care to reshape it as needed.
- **Wool should never be dried in a tumble dryer!**
- You can skip the washing if you refresh your clothes by hanging them in outdoors between uses.

Made in Finland.
