Description

Electric diamond knife sharpener in just a few minutes will make that even a very dull knife will regain its former sharpness. Precise, forced sharpening angle setting and constant pressure force ensure professional result every time. Diamond grinding wheels guarantee high quality sharpening.

Features:

- 4 stages sharpener with functions of coarse grinding, fine grinding and polishing.
- Made of diamond material, suitable for all metal and ceramic knives.
- Utilizes the elastic constant force of diamond to design the structure, with balanced and powerful grinding force.
- The knife sharpener comes with the Angle Guide function.
- The grinding head is made of special material, which can protect the sides of the knife from being scratched when it is sharpened.
- With the function of debris collection and easy to clean
