Description

An elegant Taidea TG1202 diamond knife sharpener manufactured by the well-known company Taidea Tech, equipped with a three-stage sharpening system. The unique design of diamond grinding wheels with three types of gradation 360, 600 and 1200 allows you to sharpen all kinds of knives. The unique appearance of the sharpener is provided by a specially designed body made entirely of polished stainless steel, which makes it extremely easy to clean, while the bottom surface of the body made of non-slip rubber prevents the sharpener from shifting during use. Convenient circles in grooves facilitate sharpening.
