Description

The Modular Quiver Set from TT is a versatile, modular quiver for a wide variety of applications. The various customizable components can be used as a weapon holder, storage or protective case for camera lenses or binoculars. Because the quiver can be attached to all M.O.L.L.E. surfaces, it can be ideally combined with all equipment. The TT typical Cordura 700 den stands for the durability and robust usability of the Quiver Set, which is additionally reinforced with a Hypalon bottom for that extra bit of resilience. With an all-round padding, your sensitive hardware remains safely and reliably stowed. Rainy operations are mastered easily as well, because the water can drain through the eyelets.

- Eyelets for water drainage
- Quiver holder padded all around and reinforced at the bottom with Hypalon
- MOLLE system

Details:

- Color: olive, black, coyote-brown
- Measurements: 25 x 22 x 5 cm
- Weight: 300 g
- Fabric: CORDURA® 700 den
