Description

Lightweight backpack with padded back and removable hip belt. The TT Sentinel 28 is suitable for carrying light or voluminous equipment. It features two full circumferential compression straps and a roll top closure with two locking positions. The MOLLE hook-and-loop patches in the main compartment can be used for individual customization.

- Padded Back Carrying System
- Two compression straps around the perimeter of the pack
- Hydration system compatible
- Front pocket
- Roll-top with zipper usable in two closing positions
- Antenna ports into the main compartment
- Detachable rear panel with aluminium frame (can be shaped individually)
- Laser-cut MOLLE system
- MOLLE hook-and-loop on the inside for limitless modularity
- Removable, padded hip fins with MOLLE system in laser-cut design
