Lightweight, easy to adjust,  
classic 3 section trekking  
pole.

# 1-4 Weeks

## Description

The Trail Lite trekking pole is a classic 3 section pole which suits most people's requirements. Terra Nova trekking poles are designed to be as light as possible and use 7075 aluminium alloy (because of its strength-to-weight ratio) to achieve this. Their low weight means you have more energy available to enjoy your chosen activity. The 3 section Trail Lite pole is easy to adjust - even when wearing gloves thanks to the clip lock system which holds each section firmly in place when closed. The clips can be quickly opened allowing the pole to be adjusted with minimum fuss. The lightweight, comfortable EVA handle has a soft wrist strap for added security. Comes with a removable trekking basket and protective rubber ferrule for the tungsten tip.

## Specification

- Packed Weight: 271 grams
- 3 section pole with clip locks enabling easy adjustment
- Made with 7075 aluminium alloy
- Lightweight and comfortable EVA handle and soft wrist strap
