Description

Tormek T-8 Original – Powerful and Versatile Water-Cooled Sharpening System

The **Tormek T-8 Original** is a powerful and versatile water-cooled sharpening system that has everything you need to elevate your sharpening experience. With its advanced design and user-friendly features, it provides the ideal conditions for successful sharpening with top results. Whether you're a quality-conscious amateur or a professional, the Tormek T-8 Original will meet your needs.

Why Choose the Tormek T-8 Original?

- **Sharpen all your edge tools:** Customize your system with various jigs and accessories.
- **Water-cooled sharpening:** No risk of overheating the steel during sharpening.
- **Exact repeatability:** Achieve unbeatable precision with every sharpening.
- **Adjustable grindstone:** Equivalent to 220 to 1000 grit for efficient sharpening.
- **Solid construction:** Zinc frame with integrated mounts ensures controlled sharpening.
- **Powerful motor:** Industrial AC motor designed for continuous use.
- **8-year warranty:** Includes 5 years + 3 years upon online registration.

Sharpen with Unbeatable Precision

The advanced design of the **Tormek T-8 Original** ensures unbeatable precision through its patented Universal Support mounts, fully integrated into the machine's cast housing. This provides maximum control and accuracy for every sharpening task.

High-Quality Swedish Design

Equipped with the **SG-250 Original Grindstone**, the Tormek T-8 Original sharpens all steel grades, including HSS, with adjustable properties ranging from 220 to 1000 grit. The industrial AC motor is designed for continuous operation, tested for a 25,000-hour service life. Combined with the efficient drive system, the Tormek T-8 ensures optimal sharpening speeds even under full load.

Smart Features for Convenient Sharpening

- **Water trough with screw lift:** Easily raise and lower the water trough for hassle-free sharpening.
- **Magnetic scraper:** Collects steel particles during sharpening and simplifies cleaning.
- **EzyLock:** Quick and tool-free locking and unlocking of the grinding wheel.

Selected Features:

- **Universal Support:** Enables precision sharpening with all jigs.
- **Patented Precision Mounts:** Guarantees accuracy and control.
- **MicroAdjust:** Fine-tune sharpening angles with the ACME-threaded MicroAdjust.
- **Magnetic Scraper:** Efficiently collects sharpening particles for easy cleanup.
- **Screw Lift:** Easily raise and lower the water trough.
- **EzyLock:** Tool-free locking and unlocking of the grinding wheel for quick replacements.
- **Industrial AC Motor:** Maintenance-free motor, designed for continuous use and long-lasting performance.
- **Efficient Drive System:** Features a proprietary RKX18 rubber drive wheel for reliable operation.

Specs and Details:

- **Machine Dimensions:** 270 mm (W) x 270 mm (D) x 330 mm (H)
- **Packaging Dimensions:** 393 mm (W) x 296 mm (D) x 383 mm (H)
- **Weight:** 14.8 kg (32.6 lbs) without packaging, 18.7 kg (41.3 lbs) with packaging
- **Color:** Blue/Gray
- **Grinding Wheel:** SG-250 Original Grindstone (ø 250 × 50 mm)
- **Honing Wheel:** LA-220 Leather Honing Wheel (ø 220 × 31 mm)
- **Cord Length:** 1.7 m (5' 7")
