Outstanding Resistance with
Excellent Dexterity

1-2 months

Description

TurtleSkin Duty gloves are made for Law Enforcement, Military and Security Personnel. These provide high standards in protection from needle puncture and cuts on duty.

Features:

- High cut and puncture resistance on palm, side of the hand, fingers and fingertips
- Patented Woven Para Aramid Liner
- High level of dexterity
- Ideal protection against unforeseen risks in the line of duty
- Comfortable, cut resistant and up to four times more puncture resistant than traditional law enforcement gloves
- Outstanding protection from hypodermic needles
- Snug-fitting knit back and a Velcro closure at the wrist for excellent comfort.

Hand width measurement: Use a tape measure to measure around your dominant hand just below the knuckles (without your thumb) and make a fist.

Hand circumference, mm	Size
178-203	S (7)
203-229	M (8)
229-254	L (9)
254-279	XL (10)

Made in U.S.

About Turtleskin / Warwick Mills:

Warwick Mills, a world leader in the manufacture of stab and cut resistant fabrics, manufactures all Turtleskin protective materials. Turtleskin is a Warwick Mills brand that, in addition to protective materials, also produces high-tech composites for aerospace and industry.

The famous TurtleSkin materials are not only used for gloves but also in body armor and offer the best possible protection against blades, spikes, splinters and projectiles. Military, law enforcement and security agencies around the world rely on Turtleskin's unique protection.

Thanks to the ultra-dense weave of aramid fibers, the Turtleskin protective materials have excellent protection against puncture injuries such as needle points.
