Description

The Storm matches with an extra length of 7.2 cm and a burning time of up to 25 seconds. The matches can be cured under the harshest conditions, e.g. ignite after immersion in water. Equipped with 12 matches, 3 interchangeable friction surfaces, a waterproof box and a cord for attachment.

- usable in any weather (storm-proof)
- waterproof
- reuseable and waterproof case

- Pack size 4 x 10,5 cm
- Weight 82 g

USING MATCHES

CAUTION: *For outdoor use by adults only. Carefully monitor lit matches until completely burned. Store extra strikers in protective sleeves after use to keep dry. Store matches separately from strikers to prevent accidental ignition.*

ORDER CONFIRMATION

PERFORMANCE TIPS:

- For lighting a match, it is ideal if the striker is a firm surface which can usually be achieved by just closing the box.
- If striker and box become wet, the striker will still work, but needs to dry first so that the surface is once again firm. Use a spare striker until then.
- If matches become wet, just wipe dry before use.

SAFETY TIPS:

- Strike away from the body or in a downwards position. Be careful of bystanders.
- Be careful when striking the match since sparks can fly off the igniting head.
- After using the match, run it in water to be certain that it will not light anything else on fire.
