Care and Maintenance

- Hand clean with water and neutral soap.
- Use a soft synthetic brush if needed.
- Allow to air dry naturally.
- Do not machine wash.
- Do not expose to artificial heat sources (radiators, stoves, hair dryers).
- Do not use Loctite-type adhesives or similar substances.
- Do not apply oils or solvents.

Regulations and Standards

- Safety Grade 2 - requires precise user action to release the firearm.
- INDEX CAMA safety lever system for secure and deliberate draw.
- Barrel and sight guide ensures controlled weapon extraction.
- Protected by international patent structures (patent pending).
- Compatible with Vega Holster modular platforms following their carry-options system.

Other Useful Information

The CCH8 CAMA holster is highly modular and can be configured for patrol carry, training, competitive use or range sessions. Thanks to the extensive compatibility with Vega Holster mounting systems, users can adapt it for belt mounting, MOLLE platforms, thigh rigs or rotating loops depending on their operational needs.

Its polymer construction provides long-term durability, minimal maintenance demands and stable retention even in intense conditions. The optional covers and protection inserts offer an added layer of security for users who require enhanced weapon safeguarding.

Safety grade reference: [Safety Grades](#)

Glossary of Terms

- **OWB holster:** Outside-the-Waistband holster carried externally on the belt.
- **Level II retention:** A holster requiring two distinct retention mechanisms or actions to release the firearm.
- **INDEX CAMA:** Vega Holster's controlled-movement index-finger safety release for secure draw.
- **Polymer holster:** Durable molded holster made from synthetic materials.
- **Red Dot compatible:** Suitable for pistols fitted with mini reflex sights (model dependent).
