Pop-Up & Quick-Lock - how it works

- 1) **Unfold** - the lower sections snap together via internal cord.
- 2) **Pull** until the auto-lock button pops - pole is rigid.
- 3) **Fine-tune** with the Quick-Lock lever (printed scale). Result: pocket-sized 34 cm pack length *and* on-trail height tweaks.

About Vipole

Crafted near Monte Grappa, Vipole blends three decades of biomechanical know-how with recyclable materials and proprietary safety tech - every pole is field-tested by mountain guides before release.
