### Description

Warrior's Low Profile MOLLE Belt (LPMB) provides a 2-tier low-profile platform that can carry a variety of mission-specific pouches and holsters including drop leg rigs. Part one is a reinforced slimline internal belt that features a Velcro closure and is designed to pass through the user's belt loops and function just like a traditional belt. The second part of the system consists of a flat MOLLE belt that has two rows of MOLLE loops. The MOLLE belt has Velcro on the inside, to which the inner belt is attached. The MOLLE belt can be worn either with the included inner belt or optionally with a rigger belt.

The LPMB is made of water repellent 500D Cordura®. All materials used have the lowest infrared values (99.8%) and are produced according to military specifications.

Width MOLLE Platform: approx. 80 mm.

Width inner belt: approx. 48 mm.

Length inner belt:

SIZE MEDIUM: From Waist 34" - 86cm

SIZE LARGE From Waist 38" - 96cm

SIZE EXTRA LARGE From Waist 41" - 104cm

Weight: approx. 325 g (size M).

Brand country - Great Britain.
