### Description

In the robust metal housing with clip, the laser pointer generates a powerful red laser beam with a range of at least 50 m. Its red illuminated dot focuses the attention of the audience on the essential details during presentations, lectures and training courses. The laser pointer meets the safety requirements of laser class 2.

In addition, the laser pointer can also be used for classic presentations as a pointer (extendable to a length of 49 cm) and - equipped with a standard short refill (black) - can be used as a ballpoint pen.

Dimensions: 15.0 x 1.3 cm.

Delivery incl. 3 button cells LR41 in case.

Brand country - Germany.
