Description

Service members understand the importance of having the right tools for the mission. The WX APX secure your hands from impact injuries with a flexible synthetic leather knuckle and palm for maximum durability/breathability. Reinforced thumb and palm patch in high-wear areas. The structure in the WX APX create a barrier between your hands and the unexpected. For easy trigger access and equipment handling, your index finger is provided with thin and sensitive leather to improve trigger finger mobility. Clip-strap for easy storage and portability. SmartTouch system on index finger and thumb for easy access to smartphone, tablets or similar devices with touch screen functions. Moisture wicking heavy, duty lycra gussets for increased breathability. Silicon print for increased grip on strategic areas (thumb and index). Ventilated fingers for increased airflow and breathability.
