Description

SABER ADVANCED is the model that helped establish Wiley X, as a pioneer in protective eyewear. Here, you get functionality and durability in a semi-rimless frame design, with adjustable telescoping temples, ensuring complete protection of your eyes. Depending on your activity, you can choose to use either the temples or the SABER ADVANCED Elastic Strap, and combined with the 360° wire-core nosepiece, adaptable to all nose sizes and shapes, you are, no matter the choice, always ensured comfort. It is NVG compatible, and is available in one, two, and three-lens kits, making sure that you with SABER ADVANCED never have to settle for average.

LENSES:

Grey

The grey lenses absorb all colors equally, making them preserve the same color perception as without sunglasses. They are perfect in bright light conditions, they ensure maximum glare reduction, and are perfect for all outdoor sports in bright conditions, including golf, running, and cycling. 100% UVA/UVB protective

Clear

With these lenses you get maximum light transmission, making you see the precise color values. Ideal for hazy or overcast weather, as well as dusk/dawn conditions and indoor use. Perfect for indoor sports like squash, tennis, handball, and futsal, and hunting in the early hours.
100% UVA/UVB protective

Light Rust

The light rust lenses filter out most blue light waves (HEV), which is the key component of glare and haze. They enhance contrast in medium to low light conditions, making them ideal for many outdoor and indoor activities, for instance: hunting, running, cycling, skiing, snowboarding, basketball, handball, and tennis.
100% UVA/UVB protective
