The Guided Field Sharpener is a complete sharpening solution for field, home or shop use. It is the first angle guided, 5 stage sharpening solution designed for sportsmen who need a complete, robust and compact field sharpening solution.

Description

The Work Sharp Guided Field Sharpener 2.2.1 is the complete knife and tool sharpener for field applications. Equally at home in your pack, tool box, tackle box, glove box, go bag, boat, quad, or anywhere else you keep knives and cutting tools. It is the first angle guided, 5-stage sharpening solution designed for sportsmen who need a compact, complete and versatile field sharpening tool while on the go.

The Guided Field Sharpener incorporates 5 stages of sharpening and honing, each with a built in angle guides for a consistent bevel across the entire blade:

- **2 Diamond Plates** - 1 coarse (220 grit) for shaping and repairing, and 1 fine (600 grit) for sharpening. Plates measure 4" x 1".
- **2 Ceramic Rods** - a 3-position ceramic rod incorporating coarse grit, fine grit and fish hook honing sides, plus a smaller diameter, fine grit serration sharpener
- **1 Leather Strop** - conditioned with a micro-abrasive to finish your blades to a razor-sharp edge

The sharpening guides are purpose built for your hunting knives, pocket knives and filet knives, making easy work of sharpening flat, curved and serrated blades - as well as camp tools such as axes, hatchets and machetes.

Legendary knife maker Ken Onion said of the Guided Field Sharpener, "I am impressed with the clever details - like the magnetic plate holders, angle

guides, round ceramics and strop, all in a small easy to carry package. It is by far the best manual, portable sharpener I have ever used... I especially like the versatility of it. I have used it on flat and re-curve blades as well as fishing hooks and leather punches and it performed well. Something for everyone in this little package."

Strong rare earth magnets secure the diamond grit plates in place and also provide a cover for the broadhead wrench and small storage compartment. Compact design and lanyard hole make it easy to pack and carry on any excursion, keeping you prepared with sharp edges when you need them most. The Work Sharp Guided Field Sharpener is assembled and quality checked in Ashland, Oregon.
