Apraksts

Lightweight, stylish and robust pot set with content scaling made of titanium. The heat-resistant pots can be used in many ways for cooking, frying or drinking. They are easy to clean and dishwasher safe thanks to the smooth surface without edges. Equipped with two pots (750 ml with folding handles and 400 ml with removable folding handle), stainless steel suspension and a lid. The stainless steel suspension is versatile for hanging, hanging around (ergonomically shaped) or usable over a campfire. The matching canteen (Article 562111) can be purchased as a supplement. The pots are nestable and can then be stowed compactly together with the canteen in the transport bag.
